

SCIENCE & NATURE

THE WONDERS OF THE GREAT OUTDOORS

This summer, we will again offer a summer school enrichment program. Last summer's program was a great success for all of the students who attended. This year we will have an overall theme of Science & Nature- The Wonders of the Great Outdoors. Students will learn and explore as we experiment, create, build, ask questions, and develop knowledge and passion for nature and Science. Students will engage in STEM activities, Robotics, Mathematics, and Language Arts.

1. The academic program will run from 8 a.m. to 12 p.m. **Total cost is \$500 per student**, which includes a \$75 non-refundable registration fee. Also included in the cost is participation in field trips and/or assemblies, as well as one summer school t-shirt (which is required to be worn on field trip days).
2. There will be academic enrichment classes in the core subjects of **math, reading and language arts** for students entering grades K to 8 in September 2017.
3. **Crafts, performing arts, science activities, and sports** activities will also be offered in an extended day program from 12 to 5 p.m., which is optional for students enrolled in the summer school program only. **The cost of the extended day program is an additional cost of \$250 per student.**
4. We will schedule 2-3 field trips and/or special school assemblies related to our theme.
5. The session will be 5 weeks and will run from June 26th - July 28th (no school July 3rd & July 4th in honor of Independence Day).
