

# SUMMER ENRICHMENT PROGRAM 2021

This summer, we will again offer a summer school enrichment program. Our past summer programs have been a great success for all the students who attended. Students will engage in **Mathematics, Language Arts, and STEM activities**.

- The academic program will run from 8 a.m. to 12 p.m. **Total cost is \$500 per student**, which includes a \$100 non-refundable registration fee. There are no refunds of tuition, registration and day care fees after June 15th.
- There will be academic enrichment classes in the core subjects of math, reading and language arts for students entering grades K to 8 in the fall.
- Crafts, science activities, and sports activities will also be offered in an extended day program from 12 to 5 p.m., which is optional for students enrolled in the summer school program only. **The cost of the extended day program is an additional cost of \$325 per student.** Students may only be enrolled in the day care program if they are also enrolled in the summer school program.
- The session will be 5 weeks and will run from **June 21st - July 23rd** (no school on Monday, July 5th in observance of Independence Day).

Registration for Summer School is open! [\*\*Please click here to register online.\*\*](#) All students must be enrolled and registration fees paid prior to **June 11, 2021**. If you have any questions regarding the summer program, please contact Mrs. Brenda Zaragoza (bzaragoza@stemail.org).

*Note: Due to Covid-19 restrictions, there will not be any field trips or assemblies brought into the school. Due to this change, the Summer School tuition rates have been reduced this year from \$600 to \$500 per student.*
